

Mastering Paragraphs with Kit the Fox

Learning objective: To understand how to use paragraphs to organise information and show shifts in time, place, or topic.

Kit the Fox is writing a story about his latest computing adventure, but he has accidentally jumbled his paragraphs! Read the scrambled sentences below. Your task is to sort them into three distinct paragraphs by identifying the theme of each. Write the paragraph number (1, 2, or 3) next to each sentence to show where it belongs.

Theme 1: Setting the scene at the library.

Theme 2: Finding a tricky puzzle.

Theme 3: Solving the puzzle and feeling proud.

Draw: Draw a picture of Kit the Fox sitting at his desk in the library, looking at his computer screen. Make sure your drawing reflects the 'tech-savvy' atmosphere of his workspace.

Extension challenge: Write a fourth paragraph for Kit's story. Use a transition word (such as 'meanwhile', 'afterwards', or 'furthermore') to show how the story moves forward after he finishes his puzzle.
