

Pip's Word Garden

Learning objective: To practise segmenting and blending sounds to spell simple CVC words while developing fine motor skills through colouring.

Help Pip the caterpillar grow his word garden! Colour in the flowers and the letters. Can you sound out the words on the petals and write them in the boxes provided?

Colour this: A large, friendly cartoon caterpillar named Pip wearing tiny spectacles, crawling along a garden path. Around Pip are three large, blooming flowers. Each flower has a word written on its petals: 'cat', 'sun', and 'dog'. The background includes a simple sun with a smiley face in the corner, a small wooden fence, and patches of grass. The outlines should be thick and clear, suitable for a 3-5 year old to colour within.

Steps:

1. Label the cat in the picture.
2. Label the sun in the picture.
