- **World Book Day happens every year to encourage everyone to pick up a book and enjoy reading.**
- **Pip the bookworm caterpillar says that every book is a doorway to a new and exciting world.**
- **Authors use words to paint pictures in our minds, while illustrators use colour and lines to show us the characters.**
- **In the UK, many schools give out special book vouchers to help children choose their very own story to keep.**
- **Reading helps us learn about history, science, and the feelings of others, making us better thinkers.**
