

Finn's Climate Adventure: Sorting the Weather

Learning objective: To identify and sort characteristics of different climates, understanding how weather affects the world around us.

Finn the Dolphin is travelling the globe! Help him sort these weather items into the correct climate bags. Draw a line from the item to either the 'Cold Climate' bag or the 'Hot Climate' bag.

Word bank: Snow · Sun cream · Woolly hat · Sunglasses · Ice · Sun hat

1. Finn finds a woolly hat in the ocean. Does this belong in a Cold Climate or a Hot Climate? Why? (2 marks)

2. Which items would you need to pack if you were going to a beach on a very sunny day? (2 marks)

3. If you see snow, is the weather hot or cold? (2 marks)

4. What do we wear when it is very hot outside to protect our skin? (2 marks)

5. Can you name one animal that likes to live in a very cold climate? (2 marks)

Draw: Draw a picture of yourself in your favourite weather. Are you wearing a coat for the cold, or a sun hat for the heat?

Extension challenge: Talk to a friend about what you would buy at the shop for £2 if you were going on a holiday to a hot country. Would you buy an ice lolly or a pair of gloves?
