

Exploring Climates with Finn the Dolphin

Learning objective: To identify and describe different climate zones around the world.

Look at the map clues. Use the words in the box to help you answer the questions. Finn the Dolphin needs your help to map the weather!

Word bank: Equator · Tropical · Polar · Temperate · Desert

1. The area around the middle of the Earth is called the _____. It is very hot there all year. (1 mark)

2. Which climate zone is very cold with lots of ice and snow? (Hint: Think about where polar bears live.) (1 mark)

3. In the UK, we have four seasons. This is called a _____ climate. Write one thing you wear in this climate. (2 marks)

4. A _____ climate is very hot and dry. It does not rain much here. (1 mark)

5. If you were going to a Tropical climate near the Equator, would you pack a thick winter coat or a sun hat? Explain why. (2 marks)

Draw: Draw a picture of a place with a Polar climate. Include ice, snow, and a cold sky. _____

Extension challenge: Finn wants to visit a new place. If you could travel to a hot or a cold country, where would you go and why?
