

Finn's Map Skills Flashcards

Learning objective: To learn how to use maps, symbols, and grid references.

Read the front of the card. Try to guess the answer. Then, look at the back of the card to check if you are right. Use the word bank if you get stuck!

What is a drawing that shows where places are?

A map.

What tells you what the symbols on a map mean?

A key.

What do we call a small picture on a map used to show a place?

A symbol.

Which tool shows us North, South, East, and West?

A compass.

What is a book of maps called?

An atlas.

What helps us see how far away something is on a map?

A scale.

If you are looking at a map, which direction is usually at the top?

North.

What do we use to find a specific square on a map grid?

A grid reference.

Name the direction opposite to North.

South.

Name the direction opposite to West.

East.

True or False: A map uses symbols to save space.

True.

What does Finn the dolphin use to map the ocean?

A map.
