

Finn's Geography Flashcards: Understanding Population

Learning objective: To learn key terms about human population and where people live.

Read the front of the card. Try to guess the answer. Then, look at the back of the card to check your knowledge. Use the word bank to help you.

What is the word for the total number of people living in one place?	What do we call a place where people live, like a house or a town?
Population	Settlement
Is an 'urban' area a place with many buildings and people, or just a few?	Is a 'rural' area a place like a busy city or the quiet countryside?
Many buildings and people	The quiet countryside
What is a very large and busy settlement called?	What is a small, quiet settlement in the countryside called?
A city	A village
What does 'population density' measure?	If a place has a high population, are there many or few people?
How crowded a place is	Many people
If a place has a low population, are there many or few people?	True or False: A village is usually an urban area.
Few people	False, it is rural
What do we use to count the number of people in a country?	Who is our guide for these geography cards?
A census	Finn the dolphin
