

Ellie's Ancient Egypt Adventure

Journey back in time with Ellie the Elephant to discover the mysteries of the golden sands!

- **The River Nile was the lifeblood of Ancient Egypt, providing water for drinking, transport for trade, and essential irrigation to help crops grow in the desert soil.**
- **Pharaohs were the powerful rulers of Ancient Egypt, believed to be chosen by the gods to lead the people and maintain order across the kingdom.**
- **Hieroglyphics were a complex system of writing that used over 700 individual symbols and pictures to represent sounds and words.**
- **The Great Pyramid of Giza was built as a monumental tomb for the Pharaoh Khufu, standing as a testament to the incredible engineering skills of the Egyptian architects.**
- **Ancient Egyptians had a deep belief in the afterlife and used a process called mummification to preserve bodies so that the spirit could return to them.**
- **Social hierarchy in Ancient Egypt was structured like a pyramid, with the Pharaoh at the very top, followed by government officials, scribes, craftspeople, and farmers.**

Did you know? Did you know that Ancient Egyptians were some of the first people to use ink and paper? They created a material called papyrus by pressing strips of the papyrus plant together, which grew in abundance along the banks of the River Nile.

Key vocabulary: Pharaoh · Hieroglyphics · Sarcophagus · Papyrus · Civilisation · Irrigation
