

Max the Monkey's Addition Adventure

Learning objective: To practise addition skills, including adding two-digit numbers and using number bonds to 20.

Read the front of each card to find a maths challenge. Once you have solved it, check the back of the card (after the | symbol) to see if you are correct! Max the Monkey is here to help you solve these puzzles.

What is $7 + 5$?

12

Max has 15 bananas and finds 4 more. How many does he have in total?

19

What is the sum of 20 and 30?

50

If you have 10p and your friend gives you 6p, how much money do you have?

16p

Complete the number bond: $14 + ? = 20$

6

What is $24 + 5$?

29

Use partitioning to solve $32 + 14$. (Hint: Add the tens, then the ones)

46

Max buys a snack for 12p and a drink for 8p. How much did he spend?

20p

What is $40 + 40$?

80

If you have 11 apples and buy 7 more, how many apples do you have?

18

What is $35 + 2$?

37

Max finds 9 shells on the beach and 9 more in the sand. How many shells did he find?

18
