

Max's Addition Adventure

Learning objective: To practise adding numbers up to four digits using column addition.

Max the monkey loves solving puzzles. Read the front of each card. Work out the answer. Check your answer on the back of the card. Use the word bank if you need help.

What is $123 + 456$?

579

What is $342 + 215$?

557

What is $600 + 300$?

900

What is $1,200 + 400$?

1,600

If Max has £10 and finds £5, what is the total?

£15

What is $550 + 50$?

600

What is $2,000 + 3,000$?

5,000

What is $420 + 110$?

530

What is the word for the answer in addition?

The Sum

If you add 10 to 990, what is the total?

1,000

What is $700 + 200$?

900

What is $1,100 + 1,100$?

2,200
