

Max the Monkey's Fruit Fraction Fun

Learning objective: To recognise, find, and name a half ($\frac{1}{2}$) and a quarter ($\frac{1}{4}$) of shapes and quantities.

Help Max the Monkey share his fruit snacks fairly. Remember, a fraction must be equal parts!

Max the Monkey has some yummy fruit to share with his friends in the jungle. He needs your help to make sure every share is exactly the same size.

Word bank: half · quarter · equal · whole · share · part

1. Max has 1 whole apple. He cuts it into 2 equal pieces. What do we call one of these pieces? Circle the correct word: A whole / A half / A quarter (1 mark)

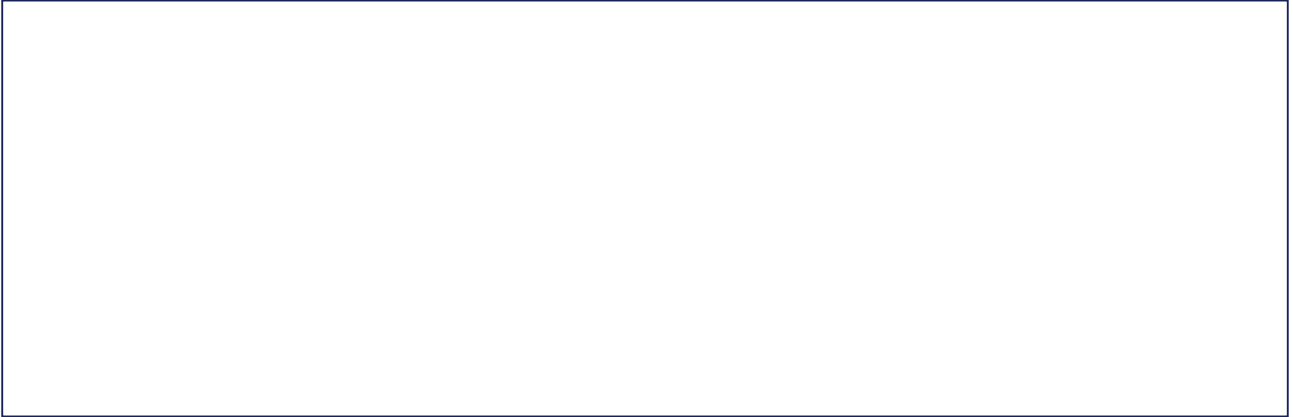

2. Max has 4 bananas. He wants to give $\frac{1}{4}$ of them to Pip. How many bananas does Pip get? (1 mark)

3. Draw a line to split this square into 2 equal halves. Then, colour one half red. (2 marks)

4. Max has a chocolate bar with 4 squares. If he gives $\frac{1}{4}$ of the bar to his friend, how many squares does his friend get? (1 mark)

5. Is this shape split into quarters? Explain why or why not. (2 marks)

Draw: Draw a pizza for Max and his friends. Divide the pizza into 4 equal quarters using a cross shape.

Extension challenge: Max has 8 grapes. Can you draw them and circle 1/2 of the grapes? How many grapes is that?
