

Max the Monkey's Shape Safari

Learning objective: To recognise, name, and identify 2D shapes in a real-world context.

Help Max the Monkey find the shapes hidden in his jungle garden! Colour the circles blue, the squares red, the triangles green, and the rectangles yellow.

Colour this: A friendly monkey named Max stands in a garden. He is holding a large magnifying glass. In the scene, draw a square-shaped stone path, a round circle-shaped sun in the sky, a triangle-shaped tent for Max to sit in, and a rectangle-shaped wooden sign that says 'Max's Garden'. Ensure the outlines of the shapes are bold and clear for young children to colour in.

Steps:

1. Label the square shape in the picture:
2. Label the circle shape in the picture:
