

Max's Subtraction Flashcards

Learning objective: To practise subtracting numbers up to four digits using the column method and mental strategies.

Max the monkey loves to solve puzzles! Use these flashcards to practise your subtraction. Read the question on the front, say the answer out loud, then check the back. If you get stuck, look at the word bank below.

What does 'subtract' mean?	What is the answer to $50 - 20$?
To take one number away from another.	30
What is the 'difference' between 10 and 7?	If Max has £5 and spends £2, how much is left?
3	£3
What is $100 - 50$?	What do we call the sign '-'?
50	Minus sign
What is $8 - 4$?	If you have £10 and spend £6, how much is left?
4	£4
What is $20 - 10$?	When we move a ten to the ones column, what is it called?
10	Exchange
What is $15 - 5$?	What is $9 - 3$?
10	6
