

Max's Busy Day: Telling Time

Learning objective: To read, write and convert time between analogue and digital 12-hour clocks.

Max the monkey is very busy! Look at the times on the clocks below. Draw a line to match the analogue clock face to the correct digital time. Then, fill in the missing words to help Max finish his schedule.

Word bank: o'clock · quarter past · half past · quarter to · minutes

1. Max wakes up at 7:00. This is 7 _____. (Write the time in words) (1 mark)

2. Max eats breakfast at 7:15. This is _____ seven. (1 mark)

3. Max plays at 8:30. This is _____ eight. (1 mark)

4. Max reads at 9:45. This is _____ ten. (1 mark)

5. If Max starts reading at 9:45 and reads for 15 _____, what time does he finish? (2 marks)

Draw: Draw a clock face showing 4:15. Make sure the short hand is pointing near the 4 and the long hand is pointing at the 3.

Extension challenge: Max has a banana at 10:30. If he finishes it at 10:45, how many minutes did it take him to eat it?
