

Max's Musical Instrument Flashcards

Learning objective: To identify and name different musical instruments from the four main families.

Max the monkey wants to learn about music! Read the front of the card. Try to guess the instrument. Then, look at the back to see if you are right. Use the word bank if you get stuck.

What family of instruments do you hit, shake, or scrape to make a sound?

Percussion

Which instrument has strings that you pluck or bow to play notes?

Violin

What is a hollow tube instrument that you blow across to make a whistle sound?

Flute

Which shiny metal instrument has a mouthpiece and three valves?

Trumpet

A large instrument you sit down to play with a bow. It is a member of the string family.

Cello

What family of instruments uses a reed to make a sound when you blow into it?

Woodwind

Which instrument is played by strumming or plucking its six strings?
