

Max's Music Pitch Investigation

Learning objective: To identify and describe high and low pitches when listening to different sounds.

Max the monkey is listening to sounds in the forest. Use this sheet to record what you hear. Read the sentences carefully. If you need help, look at the word bank. Use your best handwriting.

Word bank: pitch · high · low · sound · vibration · heavy · thin · thick

1. 1. What is the pitch of the sound? (Is it a high sound or a low sound?) (2 marks)

2. 2. Describe the object that made the sound. Was it big or small? (2 marks)

3. 3. If you make the sound faster or tighter, does the pitch go higher or lower? (2 marks)

4. 4. Draw a line to show what you think a high pitch looks like and a low pitch looks like. (2 marks)

Extension challenge: Can you find two objects at home that make different pitches? Write their names below.
