

Friends Play Together

Learning objective: To understand the importance of kindness and sharing in friendships.

Talk about what makes a good friend. Then, colour in the picture of Pip and Zara sharing a fun afternoon in the garden.

Colour this: A large, clear line-art scene in a sunny garden. In the centre, Zara the zebra is sitting on a patch of grass holding a kite, while Pip the caterpillar is sitting next to her holding a small ball. They are both smiling. There is a small picnic blanket between them with a basket on it. The background features a large, friendly sun in the corner, a few simple fluffy clouds, and some tall, cheerful flowers with thick stems for children to colour easily.

Steps:

1. Label the friend who is a zebra.
2. Label the friend who is a caterpillar.
