- Why is it important to keep your passwords secret, even from your best friends?
- How can you tell if an online message or request is from a source you can trust?
- What steps should you take if you see something online that makes you feel uncomfortable or worried?
- How does your 'digital footprint' affect your future reputation?
- Why is it necessary to ask for permission before sharing information or images of other people?

Did you know? Did you know? Every time you post a photo, write a comment, or play a game online, you are building a 'digital footprint'. This is like a trail of breadcrumbs that stays on the internet, so always make sure you are leaving behind tracks you are proud of!
