

Exploring Our Wonderful World

Learning objective: To explore the concept of creation by reflecting on the natural world and the things we are thankful for.

Today, we are going to draw the beautiful world around us. Think about the sky, the plants, the animals, and the people you love. Use your best colours to fill the space below with all the things you think make the world special.

Draw: Create a wide, open landscape scene. Include space for a large sky at the top, a grassy area in the middle, and a small patch of blue water at the bottom. Use a bright, cheerful style with plenty of room for the child to add their own details like flowers, birds, or people.

Label words: Sun · Trees · Ocean · Animals · Sky · Friends

Steps:

1. Step 1: Draw a bright yellow sun in the top corner of your paper.
2. Step 2: Draw your favourite living thing (like a plant or an animal) in the middle of the page.
3. Step 3: Choose one word from the word bank and write it next to your drawing.
4. Step 4: Who is someone you are very happy to share the world with? Draw them next to you.
5. Step 5: Why do you think it is important to take care of our world? Tell a grown-up your idea.
