Rosa the parrot is a world traveller who loves to share her favourite Spanish phrases. Every year, Rosa keeps a busy diary. She begins her journey in enero when the weather is chilly. By marzo, she is excited for the spring flowers to bloom across the countryside. As the months turn, Rosa loves the heat of julio and agosto, when the sun shines brightly, perfect for flying over the Mediterranean coast. In octubre, she enjoys watching the leaves change colour before the year draws to a close. 'Learning the months is like unlocking a secret code,' Rosa squawks happily. She explains that in Spanish, we do not use capital letters for months unless they start a sentence! Rosa's favourite month is diciembre, because it is a time for family gatherings and sharing delicious food. Whether it is the warm breeze of junio or the crisp air of noviembre, Rosa believes that every month has a special beauty waiting to be discovered. She encourages all young explorers to practise saying these words aloud to improve their rhythm and pronunciation.
