

Sheet 4: Counting in 2s to 20

Worked example:

Max jumps on the numbers: 2, 4, 6. What comes next?

Answer: 8

- **Count in 2s and fill in the missing numbers: 2, 4, __, 8, 10.**

6

- **Complete the sequence: 6, 8, 10, __, 14.**

12

- **Keep counting: 12, 14, 16, __, 20.**

18

- **Write the sequence of 2s starting from 2 all the way to 20.**

2, 4, 6, 8, 10, 12, 14, 16, 18, 20

- **Circle the numbers you say when counting in 2s: 3, 4, 5, 6, 7, 8.**

4 6 8

Self-check: Check your answers against the sequence 2, 4, 6, 8, 10, 12, 14, 16, 18, 20 to see if you got them all right.

Ready for next: Once you can count in 2s confidently, you are ready to learn how to count in 5s!
