

Adjective Explorers with Pip the Bookworm

Learning objective: To identify, understand, and use adjectives to describe nouns effectively.

Read the front of the flashcard to see the task or question. Flip it over (or read the answer) to check if you have identified the correct adjective or description. Practice using these words in your own sentences.

What is an adjective?

An adjective is a word that describes a noun (a person, place, or thing).

Find the adjective: The fluffy caterpillar ate a leaf.

Fluffy.

Add an adjective: The ____ owl looked at the moon.

Examples include: wise, bright, nocturnal, or silent.
