Learning objective: To demonstrate an understanding of the structure, features, and purpose of a biography.

Read the passage carefully and answer the questions below. Use your best handwriting and ensure you use full sentences where required.

Ellie the Elephant is a remarkable historian who lives in the Great Library of the Forest. Born on a sunny morning in the Whispering Woods, Ellie spent her early years listening to the elder animals tell tales of long ago. She discovered her passion for history when she found an ancient, dusty map tucked behind a shelf. Ellie decided to dedicate her life to recording the stories of others. Over the years, she has travelled to every corner of the woodland, interviewing foxes, owls, and mice to ensure their legacies are never forgotten. Today, Ellie is known as the Great Archivist. Her most famous achievement was creating the first ever library for forest creatures, which holds over one thousand stories.
