

Pip's Perfect Book Review Guide

Read it, love it, share it! Write a review to help your friends find their next favorite book.

- **Start your review by writing the title of the book and the name of the author so your friends know what you are talking about.**
- **Tell us who your favorite character was and explain why they were so special to you.**
- **Describe the setting of the story. Was it in a magical forest, a deep blue ocean, or a busy city?**
- **Write one sentence about what happened in the story, but don't give away the ending!**
- **Give your book a rating out of five stars to show how much you enjoyed reading it.**
- **Finish your review by saying who you would recommend the book to. Is it for someone who likes funny stories or exciting adventures?**

Did you know? Did you know? Every time you write a book review, you are helping other readers decide what to pick up next! Pip the caterpillar says that sharing your favorite stories is the best way to grow a love for reading.
