

Describing Our Friends: A Character Study

Learning objective: To use expanded noun phrases and precise adjectives to describe characters in a narrative.

Read the passage about Max the monkey below. Use the word bank to help you identify adjectives and look for clues about his personality. Then, answer the questions to show your understanding of descriptive writing.

Max is an energetic monkey with fur the color of burnt toast and bright, twinkling eyes that seem to spot every pattern in the forest. He carries a small, well-worn satchel filled with wooden number tiles and a tattered notebook. While other animals nap in the midday sun, Max is usually crouched on a mossy branch, carefully counting the petals on a daisy or measuring the distance between two tall oak trees. He has a habit of twitching his ears whenever he spots a tricky math puzzle. With his quick, nimble fingers and a friendly grin that reveals a missing front tooth, Max is always ready to turn an ordinary afternoon into an exciting calculation challenge.
