

A Magical Christmas Story

Step into a world of wonder and write your own festive adventure!

- A good story needs a hero, like our friend Leo the Lion, who goes on a brave journey.
- The setting tells us where the story happens, such as a snowy forest or a cosy, warm cottage.
- Every story needs an opening to introduce the characters and show the reader the world they live in.
- A middle part creates a puzzle or a challenge for the characters to solve together.
- The ending brings the story to a close and explains how the characters feel after their big adventure.

Did you know? Did you know? The tradition of hanging stockings by the fireplace is thought to have started hundreds of years ago! It is a wonderful way to add a touch of mystery and excitement to a Christmas story.

Key vocabulary: character · setting · adventure · festive · tradition · narrative · plot · description
