

Pip's Story Garden

Learning objective: To encourage creative writing and mark-making by associating illustrations with storytelling.

Help Pip the caterpillar bring his story to life! Color in the garden scene and write a short sentence or draw a picture in the blank speech bubble to show what Pip is writing about in his notebook.

Colour this: A large, friendly caterpillar named Pip wearing a tiny pair of glasses. Pip is sitting on a large, bold-lined sunflower, holding a small open notebook and a pencil. Beside Pip, there is a large, empty speech bubble with a dashed border for the child to fill in. In the background, there are simple shapes of fluffy clouds, a bright sun with a smiley face, and a few blades of grass. The lines should be thick and clear for easy coloring.

Steps:

1. Label the notebook Pip is holding.
2. Label the flower that Pip is sitting on.
