

Rosa's Colorful Garden Adventure

Learning objective: To identify and use French adjectives for colors to describe objects in the natural world.

Read the story below about Rosa the parrot in her garden. Use the word bank to help you translate the colors and answer the questions about what she sees.

Rosa the parrot is flying over a beautiful garden. She lands on a branch and looks around. 'Quelle belle journée!' she chirps. She sees a bright rouge flower near the gate. Next to it, a small yellow bee is buzzing around a violet bush. High above, the sky is a brilliant bleu. Rosa spots a vert leaf and lands on it to rest. She loves how colorful the world is!
