

Rosa's French Calendar Adventure

Learning objective: To recall and spell the twelve months of the year in French.

Read the passage below with Rosa the parrot. Use the word bank to help you answer the questions about the French calendar.

Bonjour! I am Rosa. I love flying around the world and learning how people say the months in French. In France, the year starts with 'janvier'. As the weather warms up, we reach 'mai' and 'juin'. By the time we get to 'août', it is the height of summer! The year ends with the chilly month of 'décembre'. Remember, in French, we do not use capital letters for months unless they start a sentence!

Word bank: janvier · février · mars · avril · mai · juin · juillet · août · septembre · octobre · novembre · décembre

1. Which month comes after 'mars' in the French calendar? (1 mark)

2. Translate these two months into English: 'janvier' and 'décembre'. (2 marks)
