

Rosa's Seasonal Calendar Adventure

Learning objective: To recall and spell the French months of the year and associate them with seasonal vocabulary.

Help Rosa the parrot organize her calendar! Use the word bank to label the months in the correct order and draw a small symbol for each season next to the corresponding months.

Draw: Draw a large circular calendar divided into 12 segments like a pizza. In each segment, write one of the French months from the word bank in order, starting with 'janvier' at the top. In the center of the circle, draw Rosa the parrot wearing a colorful scarf. In the segments for winter (janvier, février, décembre), draw a small snowflake. In the segments for summer (juin, juillet, août), draw a small sun.

Label words: janvier · février · mars · avril · mai · juin · juillet · août · septembre · octobre · novembre · décembre

Steps:

1. Write the French word for the month that comes after 'mars'.
2. Which month is 'décembre' in English?
3. If Rosa wants to celebrate her birthday in the summer, name two months she could choose from the list.
4. Label the following months on your drawing: janvier, mai, and septembre.

5. Explain why it is important to know the months of the year when planning a trip to a French-speaking country.
