Finn’s Earth Explorer Sustainability Fact-File

Learning objective: To understand how we can look after our planet by reusing, recycling, and being kind to nature.

Join Finn the dolphin on an adventure to help keep our world clean and healthy! Think about the things you use every day and fill in this fact-file to show how you can be a sustainability superhero. You can draw pictures or write your ideas in the boxes below.

Word bank: recycle · reuse · planet · save · water · paper · plastic · nature · bin · kind

1. My Recycling Mission: What is one thing you can put in the recycling bin instead of the rubbish bin? (2 marks)

2. Saving Water: How can you help save water when you are brushing your teeth or washing your hands? (2 marks)

3. Reuse It!: Can you name one item that you could use again instead of throwing it away? (2 marks)

4. Nature Care: What is one way you can be kind to the plants and animals in our local area? (2 marks)

5. My Promise: What is one special promise you want to make to help look after our planet today? (2 marks)

Extension challenge: Ask a grown-up to help you look for the recycling symbol on items around your home. How many different items can you find that have the triangle symbol on them?
