Max the Monkey’s Addition Adventure!

Join Max the Monkey as he counts his favorite snacks to solve big addition puzzles!

- **When we add, we put two groups together to find the total.**
- **The '+' sign is a special symbol that tells us to add more.**
- **The '=' sign shows us what the final total equals.**
- **If you have £2 and get £1 more, you now have £3 in your pocket.**
- **Counting all the items in both groups helps us find the answer.**
- **Addition is a fun way to solve puzzles every single day!**

Did you know? Did you know? When you add things together, the total amount always gets bigger! Just like when Max finds one banana and then finds another, he ends up with a whole bunch of two!

Key vocabulary: Addition · Total · Plus · Equals · More · Count
