

Team Games: Master the Pitch with Max and Leo!

Unite your strengths, play with heart, and let the team spirit start!

- **Collaboration** means working together towards a shared goal. In a team game, how does passing the ball to a teammate show trust?
- **Tactics** are the clever plans a team uses to outsmart their opponents. A good formation helps cover all areas of the pitch.
- **Communication** is key! Using clear signals and positive voices helps your team stay organized during a fast-paced match.
- **Sportsmanship** is about being fair and respectful. Whether you win or lose, shaking hands with the other team shows true character.
- **Resilience** is the ability to keep trying even when a game is tough. Great players learn from their mistakes and keep their spirits high.

Did you know? Did you know? In a team game, the most successful players aren't always the fastest runners or the strongest kickers. Research shows that teams who communicate clearly and encourage their teammates perform better under pressure than those who rely solely on individual talent!

Key vocabulary: collaboration · tactics · communication · sportsmanship · resilience · formation
