

A World of Many Colors: Celebrating Our Unique Community

Be You, Be Kind, Be Brilliant: Our Differences Make Us Stronger!

- Why is it important to listen to someone who has a different perspective or life experience than your own?
- How does an inclusive environment help everyone in a classroom feel safe to share their ideas?
- What does it mean to show empathy when someone is feeling left out of a game or activity?
- In what ways can we celebrate the different cultures, languages, and traditions represented in our local community?
- How does learning about someone's unique background help us to challenge our own assumptions?

Did you know? Did you know that humans share 99.9% of the same DNA? That tiny 0.1% difference is what makes each person unique—it's the reason for our different eye colors, hair textures, and heights! Just like a garden filled with different types of flowers, our school is more beautiful because we are all different.

Key vocabulary: Diversity · Inclusion · Perspective · Empathy · Unique · Community · Respect · Culture
