

¡Mi Cuerpo! (My Body)

Join Rosa the Parrot on a colorful adventure to learn the names of your body parts in Spanish!

- **La cabeza** is the Spanish word for your head. Try to touch your head and say the word out loud!
- **Los ojos** are your eyes. Can you count how many eyes you have in Spanish? (Uno, dos!)
- **La boca** is used for speaking. Practice saying 'Hola' using your boca.
- **Las manos** are your hands. You use them to write, draw, and wave hello to your friends.
- **Las piernas** help you walk to school, and **los pies** are what you use to wear your favorite shoes.

Did you know? Did you know? Even though you learn these words in your Spanish lessons, Rosa the parrot knows that your body is a brilliant machine that helps you run, jump, and dance every single day. Learning body parts in a new language is like giving your brain a workout!

Key vocabulary: la cabeza (head) · los ojos (eyes) · la nariz (nose) · la boca (mouth) · los brazos (arms) · las manos (hands) · las piernas (legs) · los pies (feet)
