Learning objective: To use Spanish vocabulary to describe different modes of transport and express personal travel preferences.

Hola! Join Rosa the parrot on a global adventure. Use this travel journal to map out your own journey. Fill in the sections using your Spanish transport vocabulary. Remember to include the correct articles (el/la) and think about why you have chosen your specific mode of transport.

3. Compare and contrast: Explain one advantage of traveling by 'el tren' versus 'el coche' in Spanish. (3 marks)

4. Describe the scenery you might see from your window during the journey. Use at least two adjectives in Spanish. (2 marks)

6. Explain why some people prefer to travel by 'el avión' even if it is more expensive than 'el autobús'. (3 marks)

Extension challenge: Imagine you are designing a brand new, futuristic mode of transport for the year 3000. Create a detailed description of how it works, what it is made of, and name it using a creative Spanish title. Present your invention to the class and explain why it is better than current transport methods.
