

Max and the Market Adventure

Learning objective: To identify and use adjectives to describe nouns in a short story.

Read the story carefully. Use the word bank to help you understand the adjectives. Then, answer the questions in the boxes provided.

Max the monkey went to the local market today. He wanted to buy some fruit for his friends. The market was very busy. Max walked past a wooden stall. He saw some big, yellow bananas. They looked very tasty. Next, he saw a basket of shiny, red apples. Max chose the crispest ones because he knew Ellie the elephant would love them. He also bought a small, green lime. The friendly farmer smiled at Max. Max felt very happy. He put the sweet fruit into his strong, brown bag. He had spent £4 in total. He carried his heavy bag home carefully. He could not wait to share the colourful food with his friends. The bright sun shone down on the path as he walked. It was a perfect day for a picnic in the park.
