

Finn's Earth-Friendly Challenge

Learning objective: To understand what sustainability is and why we need to look after our planet.

Finn the dolphin wants to keep the ocean clean. Read the questions below. Use the word bank to help you write your answers. Follow the sentence starters.

Sustainability means using things carefully so they last for a long time. When we look after our world, we make sure there is enough for everyone in the future.

Word bank: Sustainability · Recycle · Plastic · Energy · Reuse · Planet

1. Finn wants to reduce waste. Name one thing you can do to reuse a glass jar instead of throwing it away. (2 marks)

2. Why is it important to turn off the lights when you leave a room? Start your answer with: Turning off lights saves... (2 marks)

3. What does the word 'recycle' mean? Use your own words. (2 marks)

4. Look at these items: a plastic bottle, a metal tin, and a piece of paper. Which of these can be recycled? (2 marks)

5. Why should we use less plastic in the ocean? Start your answer with: We should use less plastic to keep the... (2 marks)

Draw: Draw a picture of a clean ocean with Finn the dolphin. Show one way you can help keep the beach tidy.

Extension challenge: Think of one way your school could be more sustainable. Write one sentence about your idea.
