

Max's Market Stall Maths

Learning objective: To recognise, identify, and count coins and notes in Australian dollars and cents.

Help Max the monkey run his fruit stall! Colour in the coins and notes to help him keep his money organised, then answer the questions below.

Colour this: A friendly monkey named Max wearing a small apron standing behind a wooden market stall. On the stall counter, draw a variety of British coins (1p, 2p, 5p, 10p, 20p, 50p, £1, £2) and a £5 note scattered neatly. Beside the stall, draw a basket filled with shiny red apples. The coins should have clear outlines so children can colour them the correct metallic colours (copper for 1p/2p, silver for others). Max is holding a notepad and pencil, looking happy.

Steps:

1. Label the £2 coin in your picture.
2. Label the 50p coin in your picture.
