

My Circle of Friends

Learning objective: To identify the qualities of positive relationships and how to be a good friend.

Follow the steps below to draw your friendship circle. Think about the people who make you feel happy, safe, and supported.

Draw: Draw a bright, colourful scene showing you and a friend playing a game together. Use soft shapes and happy expressions. Include a large circle around you both to show your 'friendship circle'. Add labels from the word bank near the actions you have drawn.

Label words: Kindness · Listening · Sharing · Trust · Support · Fun

Steps:

1. Step 1: Draw a large circle in the middle of your page. Inside the circle, draw yourself. Who is one person you trust? Draw them next to you.
2. Step 2: Draw a speech bubble coming from you. Write one kind thing you could say to a friend.
3. Step 3: Draw two things you like to share with your friends. Label them using words from the word bank.
4. Step 4: Think of one way to be a good listener. Draw a picture of two ears in the corner of your page to remind you to listen well.
