Zara’s Sculpture Studio

Learning objective: To understand that sculptures are 3D objects and to identify different materials used to create them.

Zara the zebra loves to make art! A sculpture is a 3D object that you can walk around. Look at the list of materials below. Decide if each material is hard or soft. Then, write a sentence to explain what you would make with it.

Word bank: Clay · Cardboard · Wood · Stone · Fabric · Hard · Soft

1. 1. Clay is a [hard / soft] material. I would use it to sculpt a... (2 marks)

2. 2. Cardboard is a [hard / soft] material. I would use it to build a... (2 marks)

3. 3. Stone is a [hard / soft] material. It is good for sculptures because... (2 marks)

4. 4. Fabric is a [hard / soft] material. I could use it to make a sculpture of a... (2 marks)

Draw: In the box below, draw a sculpture you would like to make. It could be an animal, a building, or a funny shape! Label one material you would use.

Extension challenge: If you had £5 to spend at a craft shop, what one item would you buy to make a sculpture? Write the name of the item and draw it.
