

Exploring Our Amazing Biomes with Finn the Dolphin

Learning objective: To describe the features of a biome using geographical vocabulary.

Finn the Dolphin has been mapping the world. Use these prompts to help you write a report about a biome. Read the sentence starters and complete them with your own ideas.

A biome is a large area of the world that has its own special climate, plants, and animals.

Word bank: because · also · however · climate · habitat · temperature · precipitation · vegetation

1. Name of the biome: The biome I have chosen to write about is the... (1 mark)

2. The weather: The climate in this biome is usually... because... (2 marks)

3. Plants and animals: One plant that grows here is... and one animal that lives here is... (2 marks)

4. Interesting fact: Something else I find interesting about this biome is... (2 marks)

Extension challenge: Can you draw a picture of your chosen biome and label three things you might find there?
