

Finn's World Explorer Fact-File

Learning objective: To name and locate the world's seven continents and five oceans.

Hello! I am Finn the dolphin. I love to swim across our big, blue world. Use this fact-file to help you learn about our planet. Look at your classroom map to help you fill in the boxes. Write your answers clearly on the lines provided.

Word bank: Europe · Africa · Asia · North America · South America · Antarctica · Oceania · Pacific · Atlantic · Indian · Southern · Arctic

1. My Continent: Write the name of the continent where the United Kingdom is located. (2 marks)

2. Cold Continents: Can you name one continent that is very cold and covered in ice? (2 marks)

3. Ocean Life: Write down the names of two of the five oceans that I love to swim in. (2 marks)

4. Big and Small: Which continent is the largest one on Earth? (2 marks)

Extension challenge: Choose one ocean from the list and write a sentence about what kind of sea creature might live there.
