

Exploring Our Local Social Studies / History with Ellie the Elephant

Learning objective: To identify and describe features of the local area from the past and present.

Look at the picture of the local high street. Colour in the old stone building and the new shop. Think about how our town has changed over time!

Colour this: A side-by-side view of a local high street. On the left, draw an old, grand stone building with a traditional wooden sign hanging above the door and a carriage wheel resting against the wall. On the right, draw a modern shop with a large glass window showing toys and a bicycle parked outside. In the centre, draw Ellie the Elephant standing with a notepad, looking at both buildings. Use clear, thick outlines for the buildings, the cobblestones on the ground, and Ellie.

Steps:

1. Label the old building in your picture.

2. Label the new shop in your picture.
