

Max's Shape Garden

Learning objective: To identify, describe, and draw 2D shapes including quadrilaterals and triangles.

Follow the steps below to help Max the monkey build a garden for his friends. Use a ruler to make your lines straight.

Draw: Draw a tidy garden scene. Include a large rectangular fence, a square patch of flowers, and a triangular path. Use a ruler for all straight lines. Keep the drawing neat so Max can see the shapes clearly.

Label words: Square · Rectangle · Triangle · Right angle · Parallel lines

Steps:

1. Step 1: Draw a large rectangle to be the garden fence. Label the four corners as right angles.
2. Step 2: Draw a square flowerbed inside the garden. How many equal sides does it have?
3. Step 3: Draw a triangle-shaped path leading to the garden gate.
4. Step 4: Use your ruler to draw a line that shows parallel sides on your rectangle fence.
