

Max's Time-Travelling Clock Shop

Learning objective: To tell and write the time to five minutes, including quarter past/to the hour and draw the hands on a clock face to show these times.

Max the monkey is very busy today! Colour in the clocks and help Max finish his work by drawing the correct hands on the clock faces.

Colour this: A friendly monkey named Max wearing a waistcoat and holding a magnifying glass, standing in a shop filled with various clocks. Include three large, clear clock faces on the wall. One clock shows 3 o'clock, one shows quarter past 4, and one is blank for the child to draw hands on. There are also shelves with items Max has priced at £1.50 and £2.25. Use bold, clear outlines suitable for colouring with felt tips or pencils.

Steps:

1. Label the 'minute hand' and the 'hour hand' on the largest clock in the picture.
2. If Max starts his work at 9 o'clock and finishes at 9:30, how many minutes has he been working?
