Our Wonderful World: Everyone is Special!

Celebrate what makes you, YOU! In our classroom, everyone belongs.

■ **Everyone is unique, which means there is nobody else in the whole wide world exactly like you!**

■ **It is okay to be different. Our favourite colours, foods, and games help us learn new things from our friends.**

■ **Kindness is a superpower. When we include everyone in our play, we make our group stronger and happier.**

■ **We listen to each other. Every child has a special voice and important ideas to share with the class.**

■ **We help each other. If a friend is sad or needs a hand, we show we care by being a good listener.**

■ **We are a team! Together, we create a safe space where everyone feels welcome and happy to be themselves.**

Did you know? Did you know? Just like a garden has many different types of flowers that all grow together to make it beautiful, our classroom is a garden of people! Even though we might look different, speak different languages, or have different favourite things, we all share the same big, kind heart.
