

Kindness Makes Our World Shine!

Be a Kindness Champion! Small acts make a big difference.

- Being kind means using gentle words and listening when our friends are speaking.
- Sharing our toys and taking turns helps everyone feel included during playtime.
- We can show kindness by helping a friend if they feel sad or need a hand.
- A kind smile is a free gift that can brighten up someone's whole day.
- Including others in our games means no one has to play all by themselves.

Did you know? Did you know that just like the flowers in Bea the bee's garden, kindness grows when we share it? When you do something kind for a friend, it makes them feel happy, and it often makes you feel wonderful inside too!

Key vocabulary: gentle · sharing · friendly · helpful · caring · respectful
