

Zara's Autumn Pattern Party

Learning objective: To develop fine motor skills through colouring and explore seasonal patterns and shapes.

Help Zara the zebra get ready for the autumn festival! Colour in the scene using your favourite bright colours. Look at the patterns on the pumpkins and the leaves, and see if you can add your own patterns to the decorations.

Colour this: A large, friendly illustration featuring Zara the zebra wearing a small, festive party hat. Zara is standing in a garden filled with autumn treasures. On the ground, there are three large, round pumpkins with different geometric patterns (stripes, spots, and zig-zags) carved into them. Surrounding the pumpkins are various autumn leaves of different shapes (maple and oak). In the background, there is a simple wooden fence and a large, smiling moon in the sky. The lines should be thick and bold for easy colouring by young children.

Steps:

1. Label the pumpkin in your picture.
2. Label a leaf in your picture.
