

Zara's Spooky Art Design Studio

Learning objective: To use creative thinking to design a Halloween-themed character and describe its features.

Help Zara the zebra get ready for the autumn festival! Choose a spooky creature to design, give it a name, and think about what makes it special. Use the boxes below to describe your creation and draw your masterpiece.

Word bank: friendly · spooky · orange · sparkly · flying · funny · glowing · autumn

1. My Creature's Name: What is your spooky creature called?

2. What does my creature look like? (Think about colours, shapes, and patterns):

3. My Creature's Favourite Treat: What yummy snack would it love to eat? (e.g., a pumpkin muffin for £1):

4. Where does my creature live? (e.g., in a hollow tree or a haunted garden):

5. What special trick can my creature do? (e.g., change colour or glow in the dark):

Extension challenge: Ask a friend to guess what your creature is by describing its patterns, just like Zara does with her art!
